

LASER POINTER INSTRUCTIONS

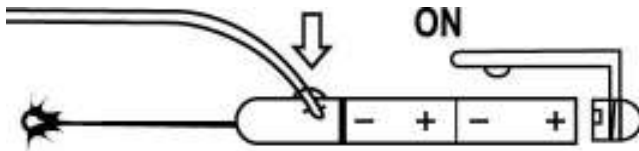

PLEASE NOTE LASER RADIATION IS HARMFUL TO THE EYE, DO NOT LOOK DIRECTLY INTO THE APERTURE WHILE THE LASER IS IN OPERATION

USER INSTRUCTIONS

1. Your Laser Pointer uses two AAAA 1.5 volt batteries. We recommend alkaline batteries for longest life.
2. To change the batteries screw off the cap. Install the batteries with the positive pole of the battery up. Replace the cap.

3. To operate the pointer simply press on the plastic button. Releasing the button will turn the pointer off.
4. Remember that Laser pointer is a laser device and can be harmful if used improperly. Please KEEP OUT OF THE REACH OF CHILDREN.
5. If the body of the laser pointer becomes dull or tarnished you may clean the surface by using a clean cloth and alcohol.
