HOW TO SET TIMER

This timer will count down from a maximum time of 19H59M59S to zero. Once it reaches zero, the timer will start to blink and automatically start counting up to show how much time has elapsed since the alarm started sounding; and the alarm will sound for 1 minute to alert you.

a. Press the **[MODE]** button to select T1 or T2.
b. Set the timer by pressing the **[HR]** button to change the hour digits, **[MIN]** button to change the minute digits and **[SEC]** button to change the second digits; holding down the button will change the value rapidly.
c. Press the **[START/STOP]** button to start/pause/stop the timer.
d. Once the timer reaches zero, you can press the **[START/STOP]** button to stop the alarm. If you do not stop the alarm, the timer will start to blink and automatically start counting up (the "OT" icon will be displayed) to show how much time has passed since the alarm started sounding, you can press the **[START/STOP]** button to stop this over time counting.
e. Press the **[CLEAR]** button to reset the timer to 0:00:00.
f. Timer 1 and Timer 2 can be operated individually or simultaneously (please refer to point 6).

HOW TO SET MEMORY

a. Press the **[MODE]** button to select T1 or T2.
b. Press and hold the **[MEM]** button to enter the memory setting mode, the timer and the corresponding icon will start to flash.
c. Set the timer by pressing the **[HR]** button to change the hour, **[MIN]** button to change the minute and **[SEC]** button to change the second; holding down the button will change the value rapidly. *OR* you can press the **[CLEAR]** button to clear the memory.
d. Press the **[MEM]** button to confirm and exit.
e. You can recall this memory by pressing the **[MEM]** button; the "M" icon will be displayed to indicate the time is recalled from the memory.

NOTE: If the main unit idles for 6 seconds during setting, it will exit the setting mode and return to normal display.

HOW TO OPERATE THE COUNT DOWN TIMERS SIMULTANEOUSLY

After setting all the timers, you can press the **[MODE]** and **[START/STOP]** button together to start all the count down timers at once, press these buttons together again to stop all timers.

HOW TO SET TIME
