

Traceable® Clip-It Timer

Perennial favorite multi-tasking timer
attaches to any lab surface

Quick-to-program, five-key, count-up/count down timer
delivers error-free operation for any lab test

- **Features:** count up/down, alarm, time in/out
- **Helpful memory saves last programmed setting for quick recall—**
useful for repetitive timing events
- **Handy size (2 x 1½ x ¾ inches)**

Features:

- Use anywhere: incubators, refrigerators, ovens, chambers, cabinets and walls
- Carry anywhere else with ease
- Individually serialized, calibrated, and certified Traceable® to NIST

Alarm features:

- Repeat memory saves last programmed time, thus eliminating having to re-enter test times
- Once count-up/down is complete, an alarm will sound
- Manually turn alarm off or have the alarm automatically turn off after 60 seconds

Traceable to NIST for accuracy

An individually-numbered Traceable® Certificate provided with each unit, assures accuracy from our ISO/IEC 17025:2005 (1750.01) calibration laboratory accredited by A2LA. It indicates traceability of measurements to the SI units through NIST or other recognized national measurement institutes (NMI) that are signatories to the CIPM Mutual Recognition Agreement.

Cat. No. 5046 Traceable® Clip-It Timer

Product Specifications

- ▶ **Timing Capacity:** 99 hours, 59 minutes, 59 seconds
- ▶ **Accuracy:** 0.005% quartz-crystal
- ▶ **Resolution:** 1 second
- ▶ **Dimensions:** 2 x 1½ x ¾"
- ▶ **Weight:** ½ ounces
- ▶ **Supplied:** battery, magnetic back, clip, opening for lanyard, Traceable® Certificate
